

MORGAN DEMANDS SCALP OF PERKINS

ACCORDING TO REPORT CURRENT ON WALL STREET.

Senator Dryden Making Active Canvass in Behalf of Federal Supervision of Life Insurance.

New York, Sept. 26.—United States Senator John F. Dryden of New Jersey, president of the Prudential Life Insurance Co. of Newark, N. J., who is the recognized champion of federal supervision of life insurance, and the author of a bill framed to achieve this end, is making an active canvass in behalf of that measure among leading bankers and other financiers in New York and throughout the country.

In a circular letter addressed under date of Sept. 11 to hundreds of influential railroad men, investors, bankers and capitalists, Senator Dryden mentions the fact that President Roosevelt has already urged federal control. He then enumerates some of the important benefits which are expected to result from such supervision.

Wall street is deeply interested in a report that J. Pierpont Morgan, head of J. P. Morgan & Co., has peremptorily demanded that George W. Perkins resign his position as vice president and financial manager of the New York Life, or quit the firm of J. P. Morgan & Co. According to the story current today in the financial district, Mr. Morgan is highly displeased because of the publicity given his firm in connection with New York Life transactions as a result of Mr. Perkins' testimony before the legislative investigating committee.

Mr. Perkins and John A. McCall, president of the New York Life, whose resignation has been publicly demanded since he appeared before the Armstrong committee, have been in frequent conferences of late, and each refuses to discuss any of the matters growing out of the insurance revelations.

Dispatches received from Albany this afternoon said that George C. Van Tuyl, secretary and treasurer of the Albany Trust Co., had been subpoenaed to appear before the insurance investigation committee here in reference to transactions between the trust company and the agents of the New York Life Insurance Co. in Albany.

GIFT OF PHIPPS MAY BE RECALLED

MILLION DOLLARS WORTH OF PROPERTY DONATED TO PUBLIC.

Allegheny City Now Insists on Collecting Taxes and Donor May Take It Back.

Pittsburg, Pa., Sept. 26.—Henry Phipps and the Allegheny administration have broken, and, unless the disagreement is patched up before Nov. 1, all the property in the First ward, Allegheny, estimated to be worth more than a million dollars, which has been set aside for public use, will revert to Mr. Phipps and be improved with business blocks. This is the answer of Mr. Phipps, multi-millionaire steel magnate, to the city officials on the north side opposed to Mr. Phipps.

The announcement came this morning in answer to an inquiry as to why the property of Mr. Phipps was advertised for sale in the delinquent tax list. The steel magnate has taken a firm stand and has refused to recede from his position. He will not stand for the demand of the city officials that he should pay taxes amounting to \$2-155.78 upon public property, and, while there is no chance of the property being sold for the non-payment of taxes, there is every reason to think that the public property will be developed for business purposes and the playgrounds, manual training schools, gymnasium and public baths will be closed to the public.

Mr. Naylor, the agent of Mr. Phipps in this city, said today: "Mr. Phipps set the property aside for the use of the residents of the First ward, where he was born, as an experiment. He did not know how the people would take to the playgrounds, the manual training school, the gymnasium and the baths. He realized how the boys of his day missed these advantages and sought to supply them as a matter of sentiment to the old birthplace."

"All went well with the project, and the officials of the city co-operated with Mr. Phipps in making it a success. Then the tax assessors levied taxes on us; we took the matter up with the county officials first, and they exempted the property without debate of any kind. The matter was then laid before the city officials, but they would not remove the tax from the property."

The city officials feel that Mr. Phipps is running a bluff game, and the assertion is made that he would never close the baths to the public.

This much can be said, however: The steel magnate is sincere, and as sure as the property is not exempted before Nov. 1, it will be closed to the public for all time.

RELIGIOUS THOUGHT

At a Standstill, Says Speaker at Unitarian Congress.

Atlantic City, N. J., Sept. 26.—"Religious thought is at a standstill and the man or church who states the whole truth and remove doubts that now trouble our theologians will bring about a new era that will more than match the miracles of scientific progress," said Rev. George Batchelor of Boston at today's session of the Unitarian Congress.

Among those in attendance is Hon. P. Ramathan, of Colombo, India, solicitor general for Ceylon. He extended greetings on behalf of the Unitarians of the Far East and received an ovation. He said India mysticism was fast disappearing under the light of Christianity.

Laying stress upon the early training of children, Rev. Dr. E. A. Horton, of Boston, gave President Roosevelt's anti-race suicide views a gentle jar when he said:

"The hope of the country is in the young people, that is the proclamation of the school house." Thus speaks the president, opulent and affluent in his own household.

The Unitarian Sunday school society met tonight and addresses were made by several prominent ministers.

A FEW OBSERVATIONS REGARDING TAXES.

Taxes are now due. First half payable between October 1 and December 20. Last half payable between April 1 and June 30. Taxes become a lien on property the day preceding the second Monday of April. All delinquent taxes must be paid before December 20, otherwise the property will be advertised, and the third Tuesday of January, be sold for taxes. After becoming delinquent, the penalty on Real Estate is 15 per cent; on delinquent Personal Tax the penalty is 10 per cent. These penalties do not belong to the Treasurer, and therefore cannot be remitted. After tax sale, the penalty the first year to tax title purchasers is 15 per cent, plus 6 per cent interest; the second year the penalty is 25 per cent, plus 6 per cent interest. If not redeemed within two years, the property goes to the tax title purchaser. Taxpayers have option of paying full year's taxes during December collection period, but are required to pay first half with delinquencies. The remaining half should be paid within June collection. The tax year and calendar year are not the same. The first half of any year's tax is due and payable October 1 and until December 20. The second half is payable up to June 30 of the following year. Many taxpayers have formed the habit of paying the December tax and the preceding June tax together, thinking they are paying the full year's tax. All such are paying the last half of one year's tax and the first half of the following year's tax, and consequently they are paying 15 per cent penalty on the preceding June tax. The proper way to pay a full year's tax without penalty is to pay in December for December and the following June. Dog Tax and Road Tax are paid in full at the December collection each year. Therefore, to get the December rate, add the road to the whole rate and take half. To get the June rate, subtract the road rate from the full rate and take half. To get the December payment, multiply the valuation by the December rate, and add one dollar for each male dog assessed, and two dollars for each female dog. Checks given in payment of taxes do not liquidate the county's claim until honored at the bank. When checks are not paid on presentation, the taxes for which the checks were given will be reopened without notice to person giving such checks. When paying taxes, present your last receipt, as it assists very much in locating your property and tends to avoid error. When you ask by mail for the amount of your taxes, designate your property clearly. State name in which property is listed, name the township and section. If in city, give city, ward and lot number. The tax duplicate gives the property in the name in which it stood the day preceding the second Monday of April of the year for which the taxes are levied. So that any transfer made on or after the second Monday of April of any year will not appear on the tax duplicate until the next year.

The Treasurer's Office will be open between the hours of 8 A. M. and 4 P. M., except Saturday to 11:30 A. M. To insure prompt answer, all inquiries by mail concerning taxes should be forwarded prior to December 10 and June 10. While every effort will be made to accommodate the public, taxpayers are urged to request to call early and pay their taxes and thus save themselves, as well as the Treasurer, the disagreeable rush at the end of the season.

Treasurer's Office, Canton, Ohio, October 1, 1905.

STARK VOTERS

ANXIOUS TO HAVE A SPEECH FROM PATTISON.

James A. Rice of This City to Speak With the Democratic Standard Bearer at Akron on Oct. 4.

James A. Rice of this city, who is the Democratic candidate for attorney general, will go to Akron on the evening of Oct. 4, where he will speak on the political issues of the day with John M. Pattison, the Democratic candidate for governor. It is understood that Stark county will send a good-sized delegation to that city on the occasion of that political gathering.

The date for the appearance of Mr. Pattison in Stark county has not as yet been determined, but will be announced soon. There have been many inquiries as to the date of the candidate's appearance here, especially since his New-ark address, and there seems to be an unusual sentiment for an early speech from the Democratic standard bearer.

ON HORSEBACK

This Stark County Man Carried the Mails When the Woods Were Full of Indians.

G. W. Austin, 97 years old, and a pioneer of Portage county, was in Alliance from Saturday to Tuesday morning, the guest of his nephew, Andrew Austin of North Park avenue. Mr. Austin was a mail carrier between Ravenna and Canton when Alliance was a wilderness. He carried the mail on horseback, and the woods then were full of wildcats, bears, wolves and real wild Indians. He is living in Hartsville.—Alliance Review.

FOR \$250,000 DAMAGES

Columbus Medicine Man Sues Ladies' Home Journal Company.

Chicago, Sept. 26.—Suit for \$250,000 damages was begun in the superior court today by Dr. Samuel B. Hartman of Columbus, O., against the Curtis Publishing Co., of Philadelphia. Dr. Hartman is owner of the Peruna Drug Manufacturing Co. The Curtis Publishing Co. is publishers of the Ladies' Home Journal.

The suit is based on a publication in the September number of the Ladies' Home Journal, in which an advertisement of Peruna was reproduced containing a testimonial from Congressman George H. White of North Carolina. Opposite this advertisement the Ladies' Home Journal printed a statement that the White testimonial was spurious.

Dr. Hartman alleges in his bill that the testimonial of Congressman White is genuine and asserts that he has a number of letters from the southern statesman to prove its authenticity.
